MOTOR MISHAP IN NATHAN ROAD

A Chinese woman and a P.W.D. coolie were knocked down yesterday morning by a car at the junction of Waterloo Road and Nathan Road. Both persons were slightly injured and were admitted to the Kowloon Hospital.
The driver of the car was Mrs. Stephenson. It appeared that the car was being driven towards the Ferry when it knocked the woman down and whilst going over a heap of rubbish knocked down the coolie, causing slight injury to his leg.

WORLD AFFAIRS SURVEYED

BOND ISSUE FOR DEFENCE PLAN

Casting an eye over the world happenings during the past week, it would appear that conditions generally are more satisfactory and more stable than has been the case for some considerable period.

It has been learned that the British Home Government intends to raise an additional £1,500,000 required by the Empire Defence Programme through a bond issue within a period of five years.

While those concerned have not yet given an unanimous approval, no counter-suggestions were put

Mr. Mackenzie King.

forward. In the House of Commons, the Opposition Party were critical of the programme. The Liberal Party also criticised it.

It has been pointed out that the Empire Defence Programme was primarily for the defence of the British Isles and its Colonies and was not directed against any power. The Government was greatly concerned over the protection of its territories. In the House of Commons, the proposed Defence Programme was approved by a majority of 184. The programme has made a deep impression throughout the Empire and foreign countries, especially in Australia. In Canada, the Prime Minister, Mr. Mackenzie King, pointed out that Canada must be expected to contribute towards Imperial defence.

As the result of the programme, the demand for material is reflected in the prices of nickel which have been higher than in previous years.

TRANS-ATLANTIC AIRWAY

It has been pointed out that the relationship between the United States and the Home Government would be greatly strengthened when the trans-Atlantic service is put into force. The service would be co-jointly operated by the Pan-American and Imperial Airways services, while the United States Government has already expressed its intention of subsidising the service at a cost of U.S.\$2 per mile.

TORTURED SPAIN

The Spanish strife has been intensified by enormous bombardments by both sides; the insurgents claiming they have made a profitable advance on Malaga. In the south and south-east of Madrid, both sides are fighting strongly for the control of the road between the capital and Valencia, which the insurgents have disrupted. On the whole, the Government forces are being little, if at all seriously, pressed.

There are definite signs that the efforts of the European powers to keep the Spanish strife from spreading will be successful. All countries have agreed to the ban on volunteer fighters which came into force at midnight yesterday.

In addition to the ban on volunteers, it is also highly probable

General Hayashi.

that British supervision, instead of an international one, will come into force for land and sea control.

The Non-Intervention Council has already considered the Italian and German proposals to remove foreign fighters in the Spanish areas and are of the opinion that they are not at all unreasonable.

MILITARY REFORM FOR JAPAN

The new Japanese cabinet, headed by General Hayashi, held a meeting to discuss the economic problems of the island kingdom. It was revealed that the budget has been reduced by ten per cent.

Large sums have been demanded by the fighting services and it is generally believed that the ministers representing them do not understand the Japanese economic difficulties.

CUSTOMS OFFICIALS ATTACKED

Tientsin, Feb. 21.

Forty Koreans, armed with clubs, raided the Customs warehouse before dawn and beat up the Customs staff. They forced the doors of the warehouse and loaded a lorry with sixteen contraband bales of piece-goods which had been previously impounded for non-payment of duty. The French Concession police stopped the lorry and arrested six Koreans who were handed over to the Japanese authorities but the remainder of the raiders escaped.—*Reuter.*

MUTINEERS' DEMANDS TURNED DOWN

Plenary Session Decision

Nanking, Feb. 20.

The demands of the Stanfu mutineers were rejected by the Plenary Session after hearing a lengthy report on the affair from Generalissimo Chiang Kai-shek yesterday afternoon. The Session also passed a vote of confidence in the Generalissimo unanimously, rejecting his third offer to resign.

Chiang said that during his captivity the mutineers, headed by the Young Marshal, proposed a seven-point programme which he instantly opposed. The seven points were, firstly, the reorganisation of the government in order to admit the participation of certain elements; secondly, the cessation of civil war, in other words

the abandonment of the anti-communist campaign; thirdly, the immediate release of the so-called patriotic leaders arrested in Shanghai; fourthly, the release of all political prisoners; fifthly, freedom of assembly for the people; sixthly, lifting the ban on the so-called Popular Patriotic Movement; and seventhly, the observance of Sun Yat Sen's will, providing, inter alia, for an alliance with Soviet Russia.

Chiang Kai-shek declared that he had repeatedly pointed out that the programme was meaningless and impracticable, as well as contrary to the Kuomintang's principles.—*Reuter.*

Mrs. Morse, Mr. A. Sommerfeld and Mr. T. G. S. Alexander were among the spectators at the Valley annual race meeting on Saturday.

China's Railways

Canton, Feb. 21.
Owing to the importance of the railway communications of South China, it has been disclosed by the officials of the Southern Section of the Canton-Hankow Railway

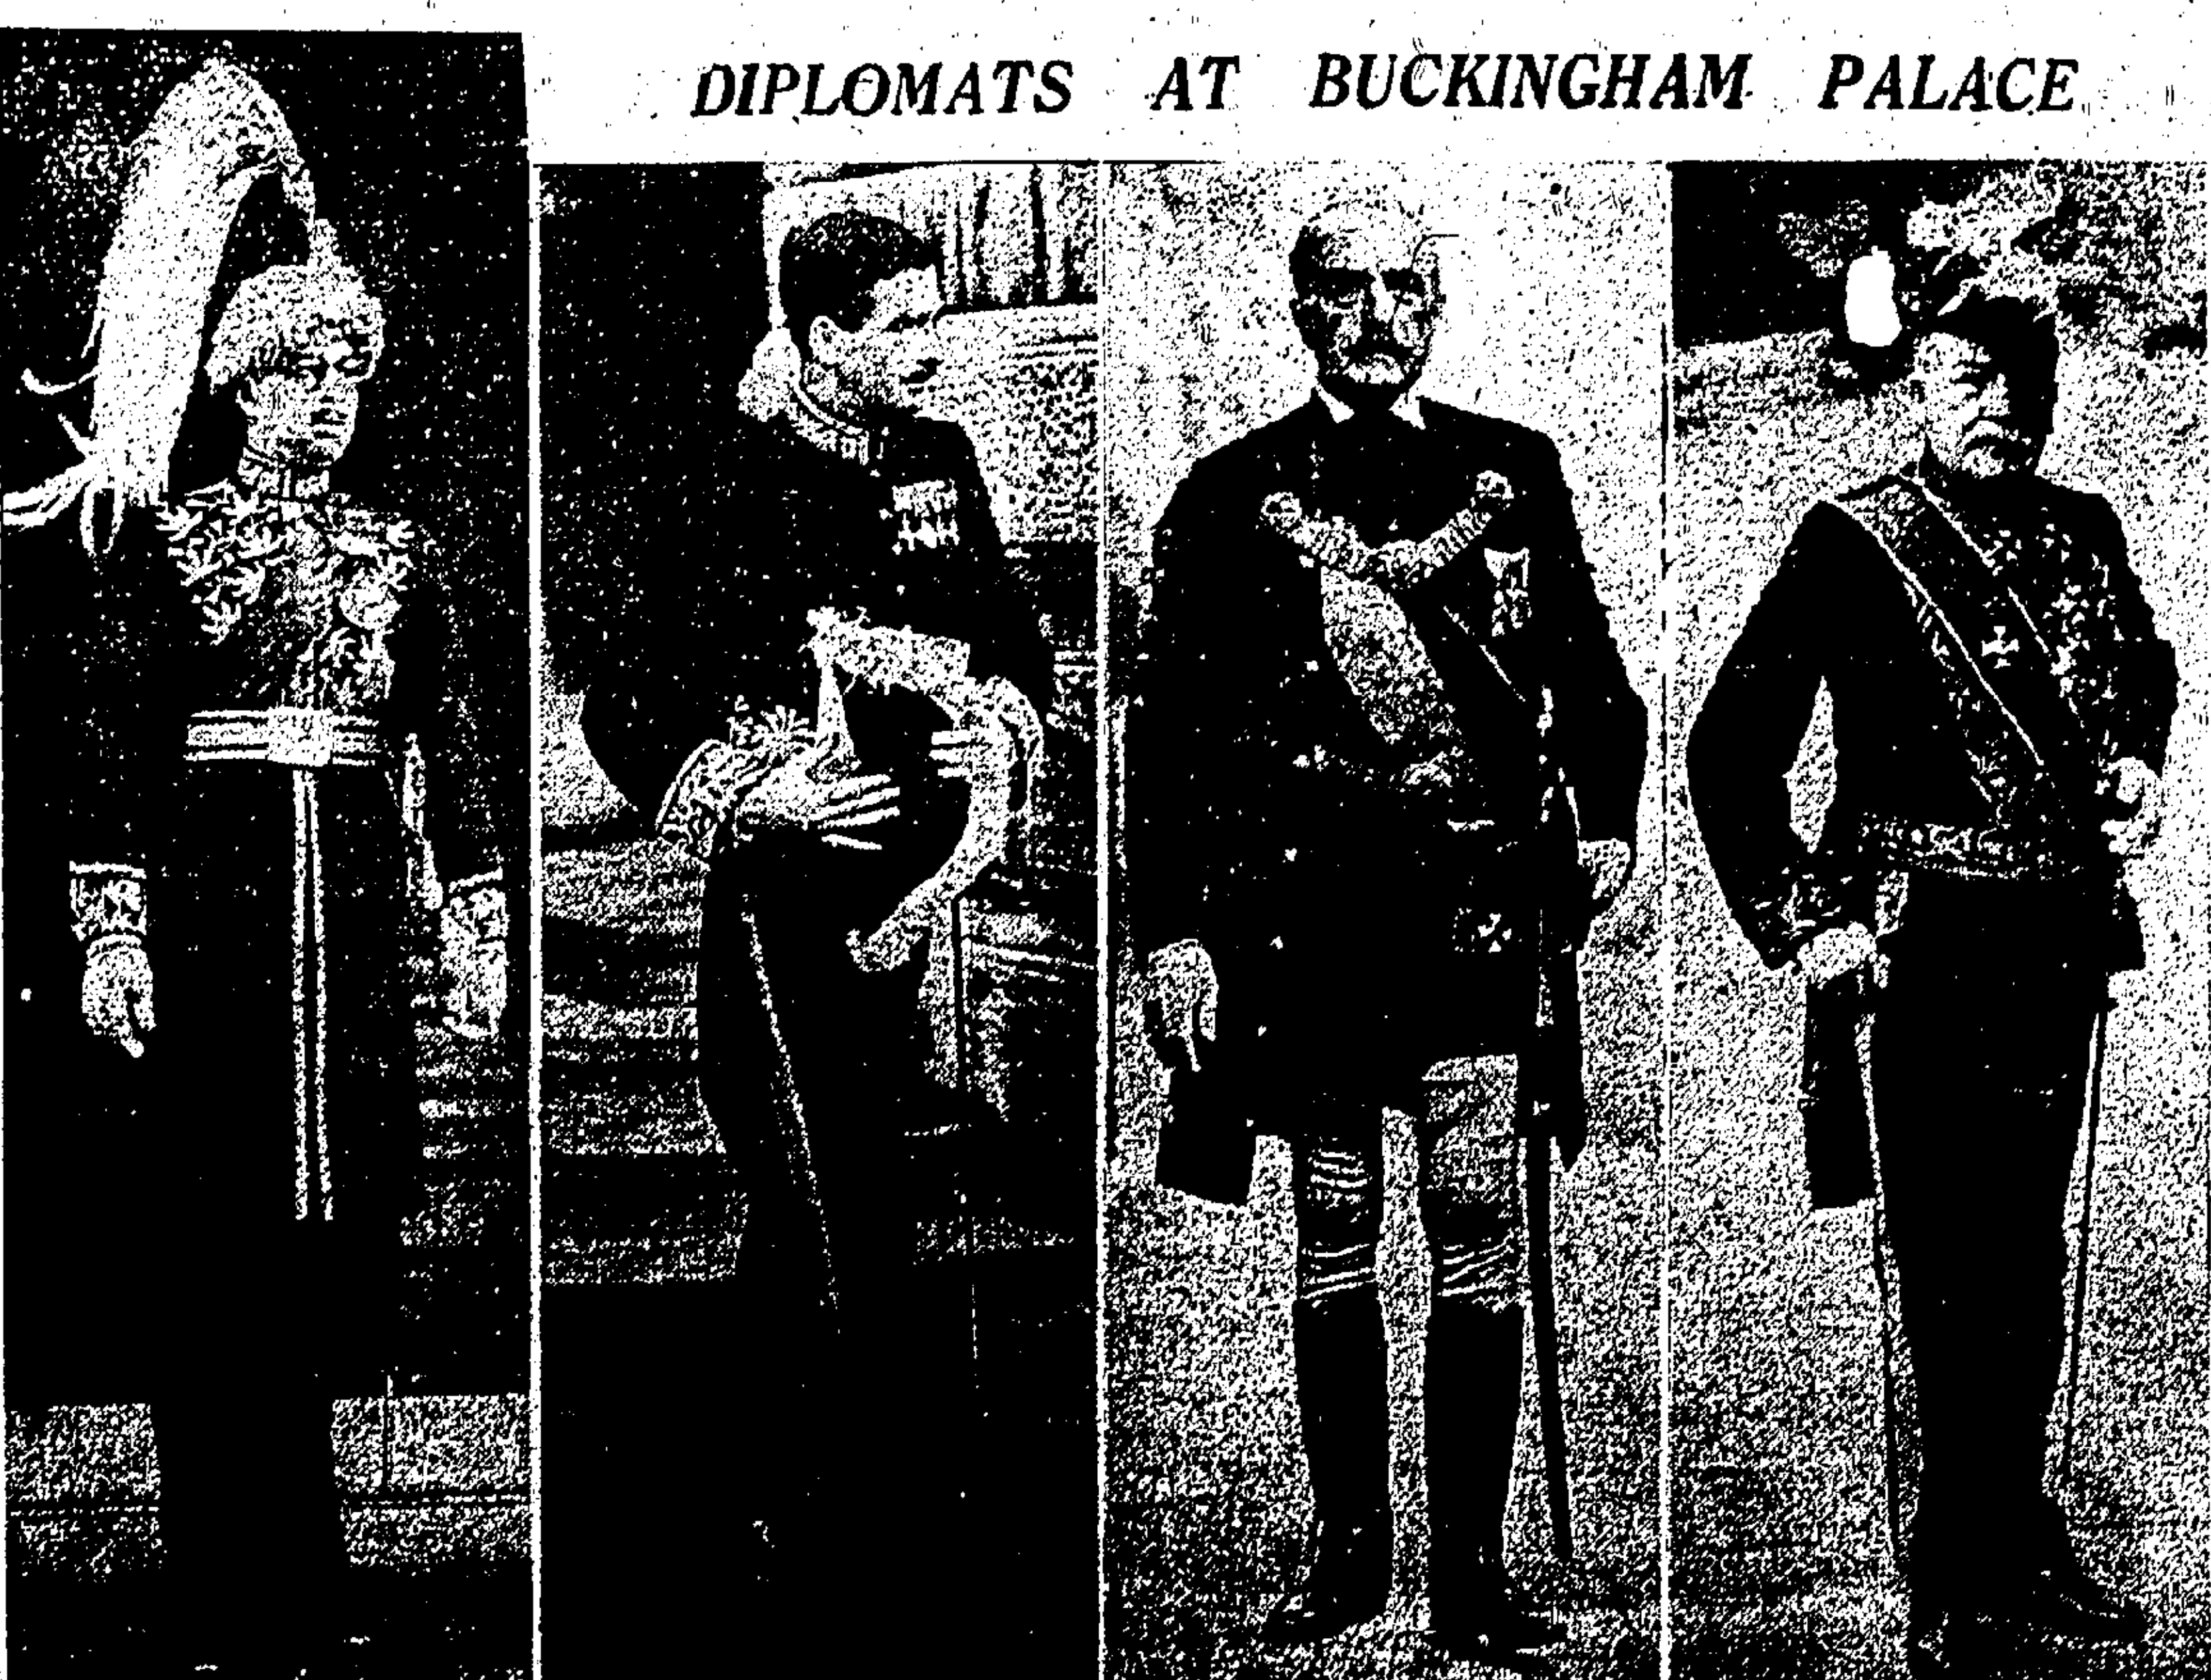

Administration that owing to the importance of Kwangtung Province and its inter-communication with the other provinces in the matter of national defence, Mr. Chang Ka-ngo, President of the Railway Department is planning the construction of a railway to link up the provinces of Kwangtung, Kwangsi and Yunnan.

The proposed railway will connect Samshui with Wuchow, Kweilin and Paksik, and then enter Yunnan Province. The estimated cost of this railway is \$8,000,000, one half to be borne by the Central Government, and one half by the provinces concerned.

The Railway Department is also planning the construction of the Canton-Mooy Yuen Railway, which will link up Canton, Fokio, Ho Yuen and Mooy Yuen, and the survey of this line will commence this year.

The estimated cost of this railway is \$2,000,000, and it will be extended into Fukien Province.—*Chinese Evening Press.*

LEAGUE SOCCER

Seaforths Win

The Seaforths gained a brilliant victory over the Eastern when they met at the Causeway Bay on Saturday, and won by 3-2.

The soldiers had a rather weak attacking force and missed many opportunities, while the Eastern, with far less chance of goal-scoring, extracted the full benefit from their approach by first-time shooting.

Han Sing-to, who scored the first goal for the Eastern, was the most able player in the field, and was responsible for most of the raids on the Seaforths' citadel.

DULL ENCOUNTER

The match between Kowloon F.C. and the Chinese Athletic proved to be dull and disappointing. The general standard of First Division football was not displayed when these two teams met on the Kowloon Football Club ground on Saturday. There was no score until the last minute of the game when Bowen, of Kowloon, converted a penalty.

Koon Ying-ki, of the Chinese team, was the only player who displayed any sign of energetic work, but was helplessly marred because of lack of support.

For Kowloon D. Knox wasted little effort in his attempts to reach the Athletic goalmouth.

RIFLES JUST WIN

At King's Park, the Rifles defeated St. Joseph's by the only goal of the match, scored by Moore just before full-time.

The Rifles' forwards were far too weak to break through their opponents' defence, though several attempts were made which resulted in the ball being put either over the bar or wide.

The Saints were also unlucky in their attacks. White, in the leader's position, missed the goal by a narrow margin, and suffered a similar experience in the second half.

D. Leonard, pivot for the Saints, was outstanding.

CLUB WIN 6-2

The Club seniors defeated the Kowloon Chinese by 6-2 on the Sookunpo ground. Playing a more improved form compared with the recent showings, the Club thoroughly deserved their win.

Although the Chinese team were beaten by a large margin, the match could by no means be considered as a one-sided game.

There were slight changes of positions in the winning team as far as the inside trio of forwards were concerned.

LOCAL RUGBY
INTERNATIONAL
TOURNAMENTENGLAND AND WALES
TO MEET IN FINAL

The semi-final round of the local Rugby International Tournament was played on the Club ground, Happy Valley, on Saturday when Wales defeated Ireland by the convincing margin of 31 points to nil and England overcame Scotland by the score of 26 points to 12.

In the first match, Wales, fielding a very strong fifteen, completely routed the Irish team, the winners' forwards showing their opponents all over the field and they were much quicker in their heeling.

Wilkins, making his debut in a first fifteen game scored three good tries. Floyd played his usual brilliant game. Morgan, Bebb, Walkden and Hoolahan shone in the pack.

MAN INJURED

Ireland experienced an early setback when their full-back was injured. Duffy retiring from the game in the second half.

Harvey and Eynes were the best of the Irish threequarters.

Wales scored three unconverted tries in the opening half, two from Wilkins and one from Preece, while Lewis landed a penalty goal.

In the second half Wilkins scored soon after the restart, Lewis adding the goal points, while a try from Jones was also converted. The latter added two more unconverted tries before Bebb brought the game to a close with a try wide of the posts, which Lewis failed to improve upon.

THRILLING MATCH

England defeated Scotland by four goals and two tries (26 points) to a goal, a dropped goal and a penalty goal (12 points) in a very thrilling match.

Grieve, the Scottish left-centre threequarter, gave a magnificent display. England's forwards were in great form.

The Scottish defence was splendid. Hutchison's tackling being outstanding.

Whitham was an absentee from the England full-back position and Curtis filled the vacancy, while Carter was brought in as fly-half in place of Butcher.

Scotland's forwards were slow in heeling.

Chadwick opened the scoring from an opening by Bidwell, but Peers failed to convert. Another fine opening by Bidwell, saw Peers add the goal points. After a fine passing bout among the England backs Harrison touched down for Northcott to add the goal points.

Scotland rallied and Grieve made a splendid run which failed when he slipped in front of the posts. From the scrum, Forbes dropped a goal. Soon after England were penalised and Watson scored with a fine penalty goal.

In the second half Grieve went over, for Watson to add the goal points.

The Scottish defence then cracked up and England added three more tries from Dumbellon, Harrison and Carter, the latter two being converted by Northcott.

WAVE OF STRIKES

Violent Fights In
America

Waukegan (Illinois), Feb. 20.

The success of the General Motors stay-in strikers, in defiance of the injunction against them, has brought a wave of sit-down strikes throughout the country.

Six persons were injured in a violent clash between 85 sit-down strikers occupying a factory of the Fawcett Metallurgical Corporation, and 100 deputy sheriffs who were attempting for the first time to enforce the Court order to arrest the strikers.

The workers sprayed their opponents with acid through fire hoses and hurled volleys of nuts, bolts and spanners. The deputy sheriffs retaliated by hurling tear gas bombs through the windows of the factory and brought up a battering ram against the door.

After a two-hour battle, the sheriff withdrew his forces and conferred with officials of the Company, who authorised him to use any method to remove the strikers.

The heat and light were then turned off from the factory and the strikers wrapped themselves in blankets against the icy cold.

The strikers are asking recognition of the Industrial Steel Union of Mr. John L. Lewis.

Easy Way

Nothing can be more distracting to a woman than ugly pimples, burning irritations or patches of blackheads or enlarged pores on the face or neck. Some resort to heavy powdering in an effort to hide them; whilst others cause the skin to become muddy-looking, coarse and blemished by using the wrong treatment.

To make your skin clear and healthy, to cleanse clogged facial pores, remove blackheads and pimples and to make your complexion clearer and smoother, use Cuticura.

Cleanse the skin with Cuticura Soap twice a day. Its luxuriant and mildly antiseptic lather is soothing and softening; washes away pore-deep dirt which causes blackheads, enlarged pores and ugly complexion defects.

To rid the skin of pimples, skin outbreaks, rashes or irritations use Cuticura Ointment direct on the affected part before washing with the soap. Its antiseptic action kills germs, soothes and heals and quickly clears the skin.

Navy And Air Force Draw 3-3

LEAGUE RESULTS

London, Feb. 20. The annual rugby match between the Royal Navy and the Royal Air Force was played at Twickenham this afternoon and resulted in a draw 3-3. The result was a fair indication of the play. Exchanges at first were scrappy but later the Air Force inquired in strong attacks and better handling while the Navy maintained a resolute defence. In the first half, Pratt gave the Air Force the lead from a penalty goal. In the second half, twelve minutes from full time, Hurden equalised for Navy with a try.

STEELE WINS FIGHT

New York, Feb. 20. Freddie Steele, recognised as the World's middleweight boxing champion by the National Boxing Association, of America, the New York Athletic Commission and the Illinois State Boxing Commission, last night outpointed Eddie Risko, in a 15 round title bout.—Reuter.

Jock McAvoy In Station Scene

Joseph Bamford, 29, of Sundial-road, Stockport, known as Jock McAvoy, the British middle-weight boxing champion, was fined 10s on each of two summonses at Preston for assault. He was also ordered to pay 15s witnesses' expenses.

Bamford was accused of having assaulted Richard Bennett and Arthur Aymes, ticket collectors at Preston Station. He pleaded not guilty.

Mr. P. H. B. Beames, prosecuting, said that on Dec. 29 Bamford and another man went to the station to inquire about the sending to Stockport of two horses belonging to Bamford.

Bennett gave Bamford two platform tickets, which he subsequently threw away.

When Bamford and his friend returned to the barriers Aymes approached him, intending to

draw his attention to the platform tickets regulations. Bamford pushed past Aymes and went through the barriers.

A porter named Norton closed the gates and stopped Bamford's friend from going through. When Bamford saw what had happened he came back and struck Aymes on the side of the head, knocking him against the ticket collector's box. Bamford also struck Bennett.

Bamford, giving evidence, said that after passing the barriers he turned to speak to his companion and saw about four men standing round him. He walked back and asked what was wrong.

"Before I could say anything else," said Bamford, "I felt someone throw his arms round me." He denied that he struck any ticket collector.

HOME-FROM-HOME CAMP

The modernisation of Caterick Camp, Yorkshire, which was begun shortly after the War, is to be continued, states the "Morning Post."

Quarters are to be built this year for about 10,000 troops, and married quarters for the families of soldiers are also to be provided.

About £200,000 has been spent under the original scheme, and a further £55,000 has been provided for the additional work.

Up-to-date accommodations is to be provided for all the troops still housed in buildings that have become dilapidated. New infantry barracks are to be centrally heated, and both hot and cold

water will be available. There will also be the most approved of kitchens and shops, canteens and recreation rooms.

New officers' messes are also included in the scheme. Caterick was turned into a military camp when the Curragh in Ireland was lost to the army. Some of the roads leading to it were built by German prisoners. At first the buildings were made of wood, but gradually these have been replaced by the modern type of barracks.

Caterick Camp normally accommodates seven infantry battalions, a Tank battalion and Field Batteries. It is also the Signal Training Centre.

GO WEST YOUNG MAN

Mae West among the cows and chickens! Romance in a barnyard and love among the hayricks! That's "Go West Young Man," Miss West's latest, starring vehicle with Warren William, Randolph Scott, Lyle Talbot and many others, which is now showing at the Queen's Theatre.

With Miss West, cast as a high strung and romantic movie actress, ennobled by her contract from indulging in romance, and with Warren William as the press agent who accompanies her to make sure she doesn't violate the contract, "Go West Young Man" deals with the actress's attempts to find love and William's efforts to frustrate her.

After a personal appearance in Washington, Miss West meets Talbot, an old flame, and makes a date with him. This is "crabbed" by William who invites the press to the tete-a-tete. She promises to meet Talbot in Harrisburg where she is to make her next appearance. On the way her car breaks down and she is forced to put up at the farm of Alice Brady while Scott, a mechanic, fixes it. She is furious at the delay but when she sees the handsome mechanic she decides to remain.

William prevents a private meeting between Miss West and Scott by inviting the entire countryside to the farm to get the star's autograph. Later, when Miss West comes to Scott's room to inspect his plans for the invention, he breaks it up again.

In the meantime Talbot has been trying to locate Miss West. He gets the impression that she has been kidnapped and an alarm is broadcast for her. Isabel Jewell, maid-of-all-work at the Brady farm, hears the alarm. She gets her boy friend to go for the police, believing William to be the kidnapper. The police arrive and in order to get even with William, Miss West tells them he kidnapped her. With her three swains around her, Miss West makes her choice. It wouldn't be fair to tell who it was nor why, since the solution is one of the high spots in the delightful comedy.

THE SPHINX

It was just a note, high up on the key-board of a grand piano, but last night when it was inadvertently struck, a woman screamed! The picture was Monogram's murder mystery, "The Sphinx," and that thin, shrill tone was the magic key that opened an unexpected door and revealed, after two hours of frantic suspense, the answer to the problem that had baffled a theatre full of absorbed spectators for a full hour and a half. If nervous chills and thrills are any proof that a murder mystery picture has clicked, this one scored a hit.

The plot, concerns the efforts of the police of a big city to run down a criminal who has committed several murders in identically the same manner. Bacigalupi, the state's chief witness, who claims to have talked to the man, identifies Jerome Breen, a wealthy financier, as the murderer. Breen is brought to trial, but punctures Bacigalupi's testimony by proving he is a deaf-mute. Jack Burton, reporter for the town's biggest newspaper, gets busy on the crime and by clever sleuthing finally manages to solve the mystery. Burton wins a five thousand dollar reward into the bargain, and is thus enabled to marry the girl he loves.

STATE VISIT TO WINDSOR

A Garter Service

The King and Queen will make a State entry into Windsor on Saturday June 12, the day on which the Court will move to Windsor Castle for Ascot Week, states the "Times." On Monday, June 14, a Garter Service, in which the Knights of the Garter join in corporate worship, will take place in St. George's Chapel.

The Garter Service was last held in 1914. It was reviewed by King George V in 1911 after an interval of 106 years, and was held each year until the War. King George V had made arrangements for the service to be held in 1935, but it had to be cancelled when, after the strain of the Silver Jubilee celebrations, his Majesty found it necessary to remain at Sandringham instead of going to Windsor as he had intended for Ascot Week. It is the custom on the occasion of this service for the Knights to assemble in the Waterloo Chamber and then, headed by the King and Queen, to proceed down the Lower Ward to the chapel, the whole of the route being lined by troops. After the service the company return to the castle for the Garter banquet.

CORONATION CELEBRATIONS
The State entry of their Majesties on June 12 will be part of the Coronation celebrations in the borough. On Coronation Day the children of the elementary schools will be entertained and some provision made for the old people. There will also be celebrations at night. In June the celebrations will be continued and will last for three or four days. The sports clubs of the town are to assist, there will be a river carnival arranged by the rowing and swimming clubs, and possibly fireworks. A torchlight procession will be held either on Coronation Day or on the day their Majesties make their State entry.

CAN THIS BE DIXIE?

Laughs from the land of cotton, songs with Southern charm and Harlem pep and romance, under the moonlight and magnolias highlight Jane Withers' hilarious and tuneful new Twentieth Century-Fox triumph, "Can This Be Dixie?" which is now showing at the Alhambra Theatre.

With the irrepressible, peppery and ever dynamic Jane demonstrating her versatility and winning new laurels in a picture that surpasses even the best of her past hits, the film is a combination of hilarious fun, lilting music, fast-moving dances and rollicking comedy and the fun really shines all the time.

Slim Summerville heads the outstanding cast, which supports "Ginger" Jane including Helen Wood, Thomas Beck, Sara Haden, Claude Gillingwater and Donald Cook.

The picture opens with Slim and his niece, Jane, putting on a medicine show for the darkies on Claude Gillingwater's run-down plantation. They are selling a hair-straightener which goes over big, but the darkies have no money with which to purchase it. Gillingwater saves Slim and Jane from the sheriff and they, in turn, save him from Donald Cook, who holds a mortgage on the plantation which he threatens to foreclose unless Helen Wood, Gillingwater's granddaughter, marries him.

Old Dispute For Scots Throne

In exhibition cases at the Public Record Office Museum in Chancery-lane the Scottish records submitted to King Edward I. in 1290, and now claimed by Scotland, are at present on view, states the "Daily Telegraph."

For the next two months the London public will have its last chance of seeing them, as it is likely, the bill presented by Lord Strathcona in the House of Lords last week becomes law. The passing of the bill through the two Houses is unlikely to take more than two months, and in any case the records will be removed in April to make room for an exhibition of Coronation records.

There are nine documents in all. The most crucial is the 1282 inventory of Papal Bulls and other muniments in the Royal Treasury of Edinburgh Castle. By means of its descriptions of other documents it has been possible to identify some of those taken by Edward I. to assist him in settling the dispute between the nine claimants

GOLD DIGGERS OF 1937

Less than a year ago Rosalind Marquis, pert little 20-years old Chicago brunette, was a more or less unknown torch singer in her native city. To-day she's one of the screen's most popular young comedienne.

She's still wide-eyed over the whole business. From a rather small part in "Earthworm Tractors," her very first picture, she was stepped right up to one of the most important parts in the big production that stars Dick Powell and Joan Blondell—"Gold Diggers of 1937," showing at the King's Theatre to-day.

"Gold Diggers of 1937" is the fifth of the famous and delightful "Gold Diggers" series turned out by the Warner Bros. studio. It is the funniest and most elaborately mounted and cast of all of them. It stars Dick Powell and Joan Blondell, and the other noted players include Victor Moore, Glenda Farrell, Lee Dixon, the famed eccentric dancer, Osgood Perkins, Charles D. Brown, Miss Marquis and Irene Ware, plus 200 dancing beauties.

PAPAL BULLS
A second case contains six of the remaining documents, including two of the Papal Bulls. The Bull of Pope Honorius III, affirming the independence of the Church in Scotland from the metropolitan jurisdiction of the Archbishop of York, hangs framed on the wall. This has hitherto formed part of the Museum's permanent display, and is the most elaborate Bull on view.

A bookcase contains relevant books, including the Acts of the Parliament in Scotland, Vol. I, where the records can be seen transcribed and printed. Type-written descriptive matter, placed

on the exhibition cases, explains the intricate corner of history involved.

If the bill goes through, the question will arise as to how the records are to be restored to Scotland. The responsibility for their return rests with the Master of the Rolls, by whom, states the text of the bill, they shall, "as soon as may be after the passing of the Act, be transmitted" to the Keeper. It may not be considered safe to send them without a personal escort, and it has been suggested that a deputy keeper may be sent to Edinburgh with them.

POLICE OFFICER CONVICTED

Indian Fined On Serious Charges

DEFENCE PLEA FOR LENIENCY

Misconduct as a police officer was alleged against Sohan Singh, Lance-sergeant B. 286, when he made his appearance before Mr. W. Schofield at the Central Magistracy on Saturday morning on the following charges: (a) being off his beat, (b) entering licensed premises without authority and (c) receiving a sum of \$30.

Sub-inspector L. R. Whant appeared for prosecution while Mr. D. McCallum was present on behalf of the defendant.

Mr. McCallum stated that the defendant was prepared to plead guilty to a technical offence.

It was about three weeks ago that the defendant on several occasions visited the "Lau Sin Hotel, Des. Voerux Road, but was on his correct beat. He (defendant) went there to inform the manager about watering the flowers on the verandah, as a complaint had been lodged that the water was sprayed over people in the road.

Some evenings later defendant went to the same place again and the manager told the defendant that he had no drinks to offer him, but it was alleged that the defendant received money.

On Chinese New Year's day defendant was in the residence again but this time he was present to wish the manager "a happy New Year." The next day a trap was laid by the police and defendant was arrested.

Det-Sergeant Bentley and a Chinese detective were in the manager's room when the defendant was seen to receive money. The defendant did not see the party in the premises but when he left the residence he was searched by the Chinese detective and a sum of \$30 was found in his pockets.

Mr. McCallum said that the defendant had been a police officer for a period of 15 years and added that his record was good with the exception of minor offences. The defendant's salary was \$35 per month.

Mr. McCallum asked his Worship to take a lenient view of the case.

His Worship imposed a fine of \$100.

SERIOUS CHARGE

A week's remand was granted on Det-Sub-Inspector's Cunningham's application by Mr. Q. A. A. Macfadyen at the Kowloon Magistracy on Saturday in the case in which, Yu Yee-ying, 33, seaman of the Water Police is charged with demanding a sum of \$250 with menaces from Wong Sam on February 15.

LOTTERY TICKETS

For having possession of 35 polo tickets valued at \$34.50 and keeping a common gaming house, a married woman, Wong See, 50, was charged before Mr. Q. A. A. Macfadyen at the Kowloon Magistracy on Saturday. Defendant was dismissed on the second charge; she pleaded guilty to the first charge and was fined \$30 or one month in gaol.

TEA PARTY

The members of the Hong Kong Police (Indian Company) are holding a tea party at the Gloucester Hotel on Thursday, February 25, at 5.15 p.m. to congratulate Mr. Feroz Ali, Officer Commanding the Indian Company, on his appointment to the post of Assistant Superintendent of Mails.

SENSATIONAL DISCLOSURES AT INQUEST

Sensational disclosures were made at the inquest at Hawkinge Aerodrome, Kent, on Aircraftman Thomas Gordon Young, aged 23, who was killed when the aeroplane in which he was the gunner made a forced landing, states the "Morning Post." It was stated that:

"Three pieces of rag were found in the main petrol tank, and the strut to which the cable of the dead man's safety harness was attached had pulled out, causing him to fall from his seat. The Coroner was informed that the R.A.F. would hold a strict inquiry to ascertain, if possible, how these things happened.

Evidence was given by Aircraftman E. G. Collins that before the flight he inspected the aircraft and found everything in order.

The pilot, Flying officer Anthony Gordon Wimbush, attached to No. 2 (Army Co-operation) Squadron, stated that he was about two-thirds of the way across the aerodrome at a height of about 30 feet when the engine "cut." Ahead there was a hedge and a sunken road, and beyond, in the valley, some high-tension electric cables.

Because of the cables and the steep slope, he said, he turned left and was attempting to land on the edge of the aerodrome, when one of the wheels struck the ground and the machine turned a somersault.

He found himself hanging upside down in the cockpit, and called out to Young, asking if he were hurt. There was no reply.

Strut Pulled Out

He then realised that Young was under the machine, having fallen out of his seat. He had been fastened in, but the strut to which the cable of the safety harness was attached had pulled out.

Warrant Officer Engineer W. Stewart said that in the petrol tank were three pieces of rag about two inches wide and six of seven inches long, as large as a small handkerchief. The rags would have caused a temporary block in the flow of the petrol to the carburettor.

The Coroner (Mr. G. W. Haines) asked Stewart if he could say how long the rag had been there.

Stewart—No.

How do you think it got there?—I have no idea.

Stewart said every part of the engine was found to be in perfect order.

Squadron Leader N. L. Deser said that the discovery had been made only that day. A strict inquiry would be held for the purpose of finding out how the pieces of rag had got into the tank.

"The rag was floating about inside like pieces of seaweed," he added. "There is no reflection on Aircraftman Collins."

The jury returned a verdict of accidental death.

CROWDS CHEER QUEEN MARY

Queen Mary made her first public appearance since the death of King George V., when "Dreaming Lips," the new Ellasbeth Bergner film, was shown at the London Pavilion in aid of slum clearance in North London, writes a Home correspondent.

After the performance Miss Bergner and her husband, Dr. Paul Czinner, were presented to Queen Mary.

Miss Bergner said afterwards that Queen Mary told her she liked the film and congratulated her.

A large crowd, controlled with difficulty by foot and mounted police, gathered in Piccadilly-circus to see Queen Mary arrive. It was not easy to keep a lane clear for the circulation of traffic, and between 8.30 and 9 there was a traffic jam extending a considerable distance.

The arrival of her Majesty's car was the signal for a general surge forward.

As Queen Mary stepped from her car there were cries of "God bless our Majesty!" and cheers.

She was received by the Marquess and Marchioness of Salisbury, and Mr. Louis A. Neel, a director of Trafalgar Films, the producers of the picture.

In Queen Mary's party were the Duchess of Gloucester, Lord Carnegie, Lady Maud Carnegie, the Dowager Lady Amphil, Capt. Arthur Paget and the Hon. Gerald Chichester.

A fashionable audience also included celebrities of the social, diplomatic, stage and film worlds. Two unexpected arrivals were Sir John Simon, the Home Secretary, and Lord Hugh Cecil, the new Provost of Eton, the latter a very infrequent visitor to the cinema.

MISS BERGNER ARRIVES

It was the first premiere of one of her own productions that Miss Bergner has attended, and once again she evidently found the ordeal of watching herself on the screen too nerve wracking. She sat through a Silly Symphony, but immediately "Dreaming Lips" began she slipped out of her seat and spent the rest of the time waiting in an office of the theatre.

The Hon. David Bowes-Lyon announced that £5,000 had been raised for the fund.

HOTEL NATHAN ROBBERY

Two Men Charged

Ho Kwan-fung, 30, unemployed accountant, and Wong Yat-ping, 28, unemployed teacher, alleged to be responsible for the robbery which occurred in the Nathan Hotel, Kowloon, on Friday, were charged before Mr. Q. A. A. Macfadyen at the Kowloon Magistracy on Saturday.

His Worship granted 72 hours' remand on the application of Detective Sub-Inspector Cunningham's request.

LIFE BANISHEE

Pleading that he was only passing through Hong Kong on his way to Swatow, a returned banishee, Li Sang, 43, unemployed, was sentenced to six months imprisonment when he appeared before Mr. E. Himsforth at the Kowloon Magistracy on Saturday to answer a charge of breach of a deportation order.

Det-Sgt. Hutchinson said that defendant was banished for life from Singapore, and he had returned to this Colony twice last year.

ANOTHER CASE

Suspected to be a returned banishee, Leung Wah, 39, unemployed, was arrested by a constable on duty in Salisbury Road on Thursday last. When charged before Mr. E. Himsforth at the Kowloon Magistracy on Saturday, prosecuted by Det-Sgt. Hutchinson, defendant pleaded that he had a sore leg and came to the Colony for treatment. He stated that he had just been discharged from the Kwong Wah Hospital where he had been staying for a few months. Defendant was sentenced to six months' imprisonment.

DRUG TRAFFIC OFFENCES

Chau Shun, 57, unemployed, charged with the possession of a quantity of prepared opium was fined \$150 with the alternative of three months' imprisonment when he was brought before Mr. Keen at the Central Magistracy on Saturday morning.

Lam Tuk, 32, unemployed was fined \$25 or one month's imprisonment for the possession of dutiable tobacco on the Canton Wharf.

Po Yee, 35, married woman, also made her appearance before Mr. Keen on Saturday for the possession of 500 heroin pills on February 12. A fine of \$500 was imposed on the defendant with the alternative of five months' hard labour.

LOCAL ESTATES

Grants Of Letters Of Administration

The late Capt. Douglas Lorne Campbell, of the Customs cruiser, Choong Hang, who was shot dead, allegedly by his cabin boy, on January 11, while the boat was on its way to Hong Kong, left local estate amounting to \$23,400. Letters of administration to the estate have been granted to the widow, Mrs. Ellen Rose Campbell.

Local estate sworn at \$23,200 was left by the late Mr. Hendrik Jan Van Derk, formerly of 16 Hoofdweg, Amsterdam, who died on June 18, 1933. Mr. R. A. Wadson, solicitor, the lawful attorney, has been granted letters of administration to the estate.

New Conditions For Regular Army

Mr. Duff Cooper, speaking at Westminster last month, announced an enormous increase in recruitment for the Territorial Army, and hinted that concessions similar to those granted to the Territorial Army would shortly be extended to the Regular Army.

"So far as my Department is concerned, the result of one year's effort has been extremely satisfactory," he said. "With regard to the Territorial Army certain concessions—nothing remarkable, nothing spectacular—were made last year. The result of what was little more, if any more, than the restoration of privileges and rights which they had before, has been an enormous increase in recruitment for the Territorial Army. In the last nine months recruitment has gone up steadily. In the first month, April, there was an improvement of 60 per cent. In the last month, December, there was an improvement of 120 per cent. I hope shortly to be able to announce similar changes in conditions in the Regular Army which, I have little doubt, will produce similar and equally satisfactory result."

Mr. Duff Cooper described as satisfactory the replies received from other Powers to the British Government's communication on the subject of non-intervention in the Spanish civil war. The Government's policy of non-intervention, he said, had won for it a leading position in Europe. The danger clouds of war had lightened a little because a firm leadership had been given, and support had been accorded to that leadership by the countries from whom support had been asked.

SABOTAGE IN DOCKYARDS

Speaking of Sir Samuel Hoare's revelation of sabotage in naval dockyards, Mr. Duff Cooper said:—"Skilled men who knew what they were about deliberately interfered with the machinery of vessels, including submarines, in a way that might have proved fatal to them if they went to sea. I do not know where they had learned their lesson, but it is remarkable that to-day one of the great Communists of Russia should have confessed to wrecking 3,500 trains.

"The danger to our Fleet if there are trusted men working in our dockyards who are prepared to carry out these criminal acts is so fearful that nobody could possibly maintain that where suspicion falls in such a case, it is necessary or right or possible or allowable to pursue all the stages of English justice to make sure whether the man is guilty or innocent.

"Every day we are presented with events so fearful and so incredible that we seem to be living in a world that seems to have gone mad. There is a great trial going on at the present moment in the capital of one of the greatest Powers in the world. The people who are standing that trial are men who have held dominating positions in one of the greatest revolutions that has ever taken place in history, men who have transformed an ancient Empire into a new-fashioned type of Constitution, men who have held positions of the very highest responsibility.

"Every day in open Court in the eyes of the world, these men, speaking on their oath, the shadow of death hanging immediately over them, are confessing to crimes that would astonish and shock and horrify not the inhabitants of our convict prisons, but the inhabitants of our criminal lunatic asylums. A very distinguished member of the Communist Party in Russia, one who for years was a director of the South Ural Railway, has confessed—gaily, blithely, self-confidently—confessed—that he arranged 3,500 train wrecks while he was director of that railway. Can we believe these things? Can we imagine such a criminal existing in the world?"

THESE "CROWN JEWELS" TO BE LUCKY CHARMS

Miniatures of the King and Queen Elizabeth will be worn as lucky charms by society women during the Coronation season.

The Coronation Chair in Westminster Abbey, the Orb and the Mace are modelled in gold and enamel and strung on a bracelet to bring the wearer good luck. The Goldsmiths' and Silversmiths' Company have them.

The heads of their Majesties in gold and gems—mounted on brooches as souvenirs of the Coronation—the King's Crown mounted in a square beret brooch, lapel buttons and safety-pins are being shown in the jewellery section of the British Industries Fair.

A "diamond dress-clip" has a Coronation decoration in the centre, which can be removed so that clip and souvenir can be used separately.

SHOE MAGNATE
IN COLONYFlight From Hanoi
Interrupted

Mr. J. A. Bata, head of the well-known firm of Messrs. Bata and Company, arrived in the Colony on Saturday in his private giant triple-engine Lockheed monoplane. Mr. Bata, who is on a business trip to China, left Hanoi on Saturday morning but encountered so bad weather on the way that he and his party were forced to make a landing at Kwong Chow Wan where they stayed for about 40 minutes before continuing their flight.

The plane carried eight passengers including Mr. Serhan, senior pilot of the company which owns a fleet of 28 planes of all types, three mechanics, Messrs. F.G. Pokorny, secretary, Stanek, Export Manager for the Far East, Hanak, from the Calcutta branch of the Company, and Rechi.

According to their present plans, the party will stay here for about three days after which they will continue their flight, Shanghai being the next port of call.

Mr. Bata is a step-brother of the founder of the firm of Messrs. Bata and Company, Mr. Thomas Bata who met his death in an air crash in 1932.

The Bata Shoe-works is in Zlin, a town in Czechoslovakia, where the majority of the inhabitants are employed in the trade.

The most interesting feature of this town, however, is the conditions under which the employees of the factories live. Bata always maintained that workers could not and would not give of their best, if they merely felt that they were working with a view to barely supporting themselves. He therefore set out to perfect their lot and to-day about 40,000 men, women and children live in almost Utopian conditions, and are at the same time, responsible for a bigger output of footwear than any other similar concern in the world.

PRETTY

WEDDING

Parsons-Spaulling

A pretty wedding took place at the Kowloon Union Church, Jordan Road, on Saturday afternoon between Miss Betty Jean Spaulling, daughter of Mr. L. The bride was given away by her step-father, Mr. L. Jack, and looked charming in a dress of angel skin in white. She wore a wreath of orange blossoms and a flowing tulle veil. Her bouquet was composed of arm lilies.

Miss Marie Clarke, the bridesmaid, wore a beautiful blue taffeta frock with a tight-fitting bodice and a coatee with a basque effect. A blue taffeta hat completed the ensemble. She carried a muf bouquet of pink sweetpeas.

The bride's mother was gowned in smart green blazer with a three-quarter length coat with wide sleeves trimmed with black fox, to match. Her hat was of black panamae trimmed with gold buckle.

AMBULANCE
BRIGADERalph's Shield
Contest

A remarkable display of First Aid work was given by the St. John Ambulance Brigade at their annual Ralph's Shield contest held at the Royal Naval Ground, Causeway Bay, yesterday.

Inspections were carried out by Mayor W. E. Tyndall, M. C. and Captain Boyle, both of the R.A.M.C. who spent over three hours examining each test.

Various items of the contest were: motor car accident, dislocated shoulder, drowning, gas poisoning, etc.

At the conclusion of the inspection, Major Tyndall remarked that the standard of the Brigade was very good indeed, and it gave him great pleasure to inspect their work. He also congratulated the Association, and all those connected with it on their efficiency.

Regarding the display, Captain Boyle said, "It is a smart piece of work considering that it is only a spare time activity."

The winners of the Ralph Shield were the South China Athletic Association Division with 395 points.

The Savage Memorial Cup was awarded to the Shaikwan Division, being runners-up with 330 points, while King's College Old Boys' Division came third with 360 points.

GOD SAVE THE KING.CHARITY CUP
FOOTBALL

International Games

An exciting football match was seen at the Club Ground, Happy Valley, yesterday afternoon when England defeated Scotland by two goals to nil in the semi-final of the "Sunday Herald" International Charity Cup competition. England's two goals, which were scored by Elliott and Fowler, after nearly thirty minutes of play in the second half when it had seemed that the game would end in a draw.

A feature of the match was the sound defence displayed by both teams. The forwards played well but their shooting, while spectacular, was inclined to be wild. This match saw Church and Rodger, the opposing custodians, give brilliant accounts of themselves.

England's success was due to their unrelenting pressure towards the closing stages of the game, for play was evenly distributed right from the start. The goals were secured within five minutes of each other, Fowler's being the better of the two as he found himself in a position to send in an opportune first-time shot.

The match was ably refereed by Mr. K. K. Ip.

The teams lined up as follows:—England: Church; Webster and S. Strange; E. Strange Jones and Parker; Fowler, Wride, Elliott, Talbot and Bickford (capt.). Scotland: Rodger; Hill (capt.) and Steele; Williamson, McCusker and Cooke; Ayers, Wilson, Knox, Miller and Knight.

Wales And Ireland
Share 6 Goals

On the Kowloon Football Club Ground, Wales shared six goals with Ireland before a large crowd of spectators.

The game started off with Wales attacking but failed to score until Coakley (right wing) sent across to Roberts (left wing) who headed the ball into the net.

The game was very even until Ireland's left wing, Ferguson equalised.

Rowlands, goalie for Wales, played a splendid game. Ireland: Connor, Coyle, Stevens, McGonigal, Gilbarth, Muller; Erwin, Killen, Moore, Doherty, Ferguson.

Wales: Rowlands; Wheller, Keating; Keneghan, Whately, North; Coakley, Sullivan, Evans, Taylor, Roberts.

American Lady's Tragic
Death

While the Fanning Hunt and Race Club were holding their annual ball in the Rose Room of the Peninsula Hotel on Friday night, a grim tragedy was enacted in another section of the Hotel when Miss Ruth Elizabeth Claire Gregg, aged 30, a resident in the Hotel lay dying in her bedroom on the third floor, with a glass clutched in her right hand. An empty bottle, which had previously contained half-a-pint of lysol, was found in the bathroom.

It is understood that Miss Gregg attended a cocktail party on Friday night with Dr. George Bolin, of the U.S. Public Health Service, and attached to the American Consulate. After five members of the party had left to dine at the Hong Kong Hotel, Miss Gregg went up to her room promising to meet Dr. Bolin a few minutes later.

As Miss Gregg failed to keep the appointment Dr. Bolin, who also resides in the Peninsula Hotel, rang through to her room to find out the cause of her continued absence.

Miss Gregg had evidently already swallowed the poison. She must have been in a semi-conscious condition for, although she lifted the receiver of her bedside telephone to answer the call, she did not speak.

Dr. Bolin rushed up to the room and discovered the unconscious girl lying across her bed.

She was then unconscious. Dr. Bolin put through a call to the House doctor, Dr. Skinn, who, however, was himself ill in bed. Fortunately, Dr. Nicolson was in the Hotel and was immediately called.

With the House Sister, Miss Dexter, Dr. Nicolson worked for almost an hour to revive the unconscious girl. She died, however, shortly after 11.15 p.m.

The reasons underlying the tragedy are a mystery. Miss Gregg was apparently in good spirits and gave no indication that she was still suffering from depression. She left no note, Miss Gregg, who is the daughter of Col. and Mrs. Gregg, had been in the Colony since last December and it is understood that her parents are due here shortly.

Peril Of 40 Men In
Submarine

The submarine Swordfish had a narrow escape when taking part in exercises off Portland Bill writes a correspondent in the "Daily Telegraph."

With five officers and 35 men on board, she struck an obstacle at a depth of 80 feet. The impact weakened the plates lining the bottom of the vessel, but not sufficiently to cause a leakage.

I understand a secret piece of electrical mechanism was carried away, and when the Swordfish reaches Devonport engineers will replace it.

Divers are to investigate the cause of the accident, and will endeavour to recover the mechanism. It is understood to be a sound-detecting device.

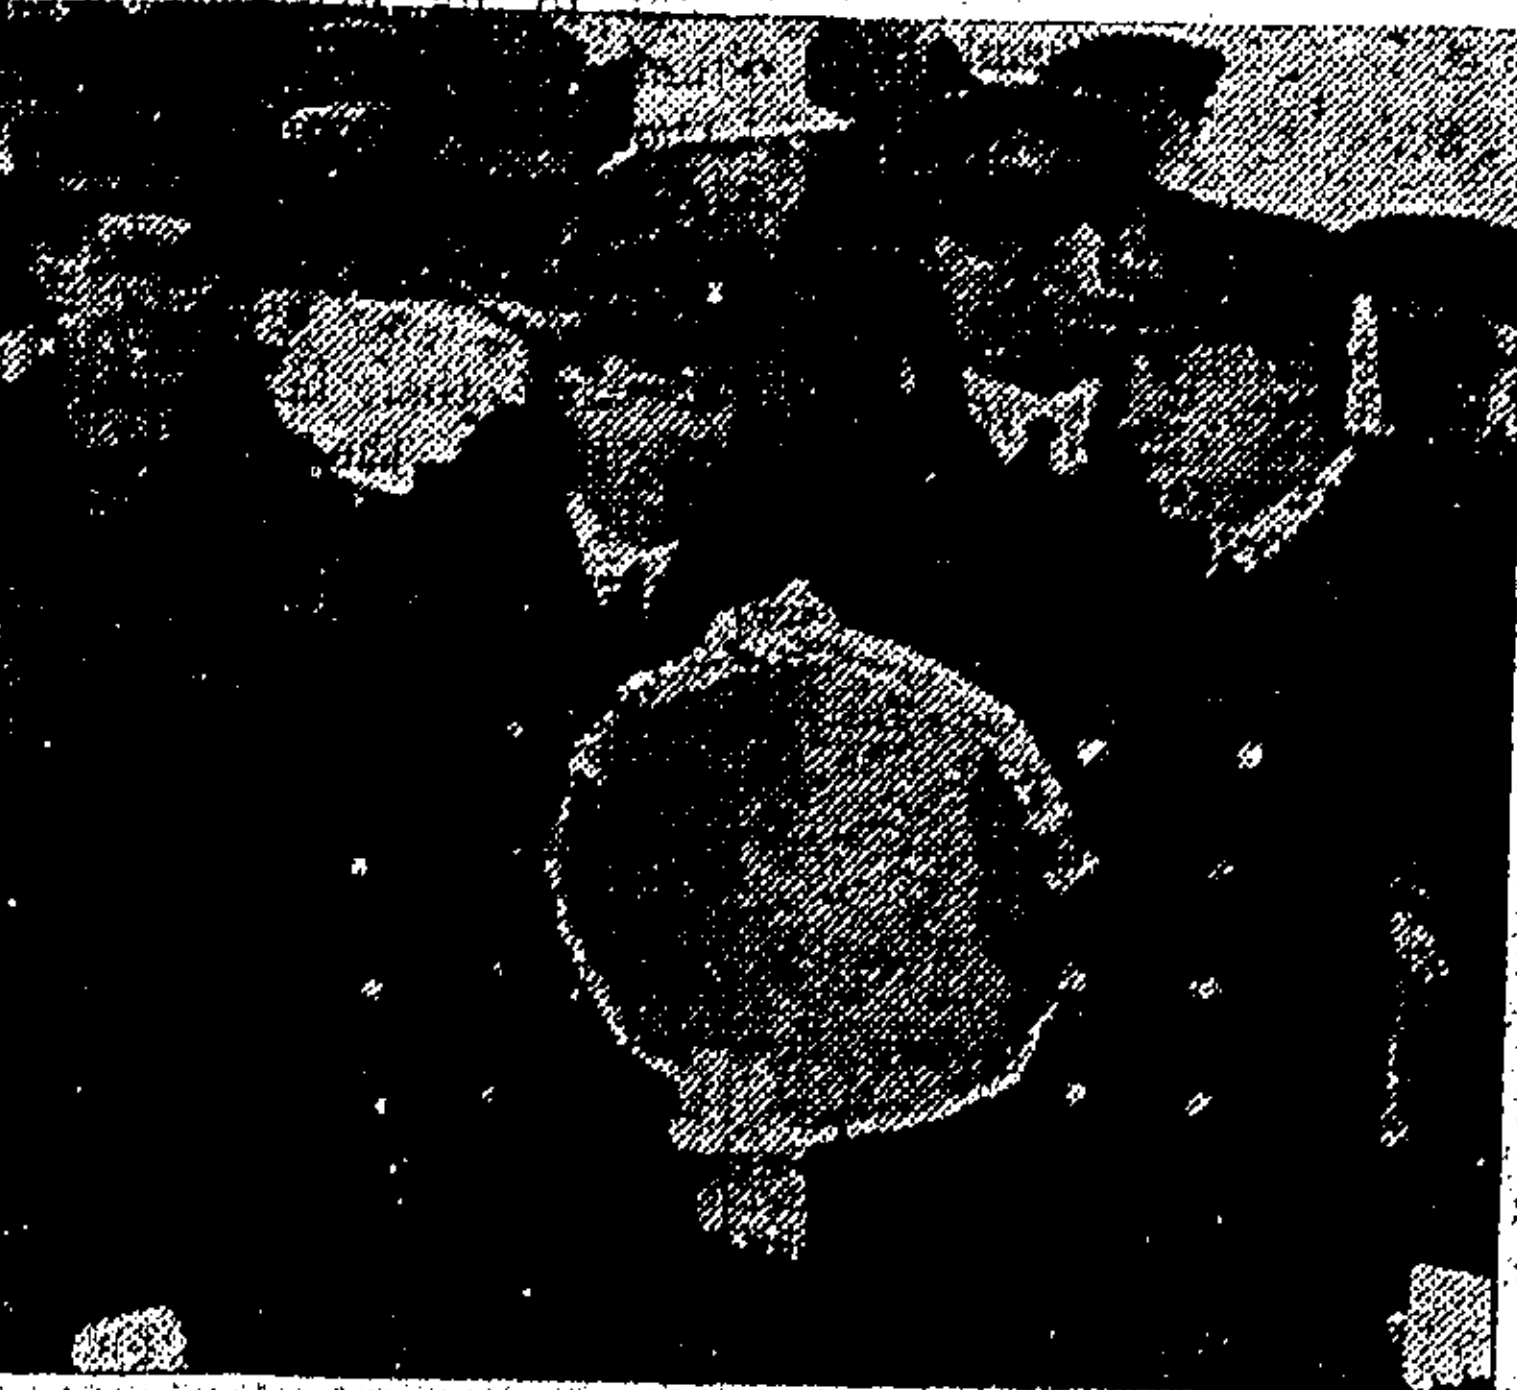

I was told that had the Swordfish struck with more force every man might have lost his life.

Admiralty Statement

At the Admiralty it was stated the Swordfish touched bottom when she made a deep dive.

There is no information that the damage is more serious than was thought at first. It was stated, "The Swordfish is still seaworthy. She will probably be docked as a natural precaution to ascertain what damage has been done."

The Swordfish is one of the submarines authorised in the 1919 estimates. She was launched at Chatham in 1931, the first of a new type of small craft of 840 tons armed with a 3-inch gun. She cost nearly £250,000.

The Shipping Subsidy Vindicated

Very seldom does Government assistance given to an industry in difficulties prove so quickly and completely satisfactory as it has in the case of tramp shipping. Between the conditions of two years ago and those now pictured by the Tramp Shipping Administrative Committee there is an almost unbelievable contrast. Then a service necessary to the country in peace, and vital to its existence in wartime, was rapidly decaying. Thousands of tons of shipping lay idle in the ports; the seamen and officers who should have manned those vessels were breaking their hearts in unemployment; the owners, even when vessels were trading, were incurring losses that left them unable to cover depreciation. To-day "almost every British ship available and every British white seaman can find employment."

There is actually a shortage of trained engineers and seamen. The abnormal selling of British tramp shipping to foreign owners has stopped, and a foundation has been laid for the replacing of older tonnage by new vessels, and for an increase in the number of ships carrying the British flag.

If Gossip We Must

(BY PRUDENCE)

"SUKIYAKI" PARTY

There were at least thirty people at the gay Japanese-tiffin, given by Mrs. R. Sanger at her house on the Peak last Wednesday. Mrs. Sanger is one of the most popular members of the American community here, and her "sukiyaki" parties are justly famous. For one thing, she is such a wonderful hostess and always manages to infuse an air of gaiety and informality into her gatherings, which is quite irresistible.

Our charming hostess presided over one glowing "hibachi" aided by Mrs. W. S. Robertson, who looked extremely sweet in a dress of palest blue flecked-tweed. Not far away was her mother Mrs. C. F. Lucy, who is here on a short visit, and who was notably smart in black with a fascinating small hat tipped with a pouffe of sapphire blue.

Mrs. Dan O'Keefe in a dress of claret-coloured velvet presided over another, and Mrs. R. M. Henderson helped at a third, very becomingly dressed in navy with big gold buttons. I think it was Mrs. Kirby, (attractive in pansy-purple) who managed a fourth, with Mrs. Rounds and Mrs. Brent Young giving expert assistance.

Mrs. Waddington was very dainty in fawn with a halo-hat and vest of ecru lace to match. Mrs. David Fraser I saw in the distance, and Mrs. Donovan, and Mrs. Tyson in a dark dress worn with a crimson scarf (she is off for a holiday next week and much looking forward to it). Mrs. Pethick had a delightful costume of brown and yellow, and Mrs. Hole looked extremely nice in brown and terra-cotta, with a halo hat, and shoulder cape of fur.

Mrs. Lee Cramer was immensely smart, as always, Mrs. Ames was becomingly "high-natured." Mrs. McLay had the sweetest outfit of mid-brown which suited her marvellously. Mrs. Edwin Taylor had a gipsy scarf of orange-shades with her brown costume, and Mrs. Barrett Emmert looked lovely in dark green. She is just contemplating a visit to Peking.

Mrs. W. J. Anderson had a sweetly quakerish air in black, with a wide collar.

I fell for the black dress with crystal buttons worn by Miss Bechino, and Miss Buckwell's dress with fascinating sleeves. I saw Mrs. Edmund Hayt, looking very nice, and feel sure I glimpsed Mrs. W. A. Gibson, Mrs. Durrschmidt, Mrs. Furnes and Mrs. S. Church.

Sir Henry and Lady Pollock photographed at the annual race meeting at the Valley on Saturday.

in the dim distance, but there was such a crowd I could not get near them.

THE RACE MEETING

Happy Valley lived up to its name on Saturday. The gray morning skies had quite cleared by the time the first race was run, and the only visible effect they produced was to make most of us decide against the fresh "spring-suits" we had proposed to wear, and appear in darker raiment instead.

One of the first people I noticed was Mrs. Mike Turner, very smart in black cap, and Mrs. T. H. King, very smart in dark blue, who brought her two daughters, looking distractingly pretty, dressed alike in navy blue.

I saw Mrs. Martin (down from Amoy for the races), Mrs. Roberts in attractive brown, and Mrs. Holmes who is a most inveterate race-fan and seldom misses a meeting. Mrs. Taggart was charming in an unusual dress of dark blue dotted with green. Mrs. P. S. Whitehead wore the loveliest furs, coat of moleskin with huge collar of smoked-fox; Dr. and Mrs. Smailey were there early, the latter looking very handsome in black. Dr. and Mrs. Anderson came later and I also noticed Dr. Balean. Mrs. Slater was in black, with white trimmings.

STRIKING HATS

One of the most striking hats seen on Saturday was worn by the pretty girl in green who was with Mrs. Leigh Garner. It is so nice having her back in Hong Kong again and she was looking marvellous in a light brown coat of broadtail, cut in the Russian style, with an attractive high collar.

Mrs. Chubb was there, very gay as usual, and Mrs. Sheldon was delightfully smart. Mrs. Cassidy, were gray with a white front, and Mrs. Churchill had an artistic colour scheme of gray and orange. Everyone admired the flowers, and for these I believe we must thank Mrs. F. C. Hall, Mrs. J. Walker and Mrs. F. Hoger; the colours were cleverly blended so that Coronation red-white-and-blue stood out from other more subdued tints, with very decorative effect.

It was Mrs. Dunbar's lucky day, and she must have been pleased when she led Bear Claw and our dear old-timer Diana Bay past the stand. The former put up a grand race, and romped home without even a touch of the whip.

THE OFFICIAL PARTY

His Excellency the Governor, Sir Andrew and Lady Caldecott arrived just about tea-time with a party which included General Sir Alexander Godley, and Lady Caldecott looked extremely charming in a dark dress with a very long fur stole. Mrs. A. Stevenson was very chic in a black coat and skirt, and a touch of white. Mrs. Teddy Cock in a hat winged with white, had a long slender coat of very dark blue. Mrs. Hills in black was watching races with very keen interest. Mrs. Locke was well turned-out, and how nice it is to see Mrs. Compton back again, smart as ever in becoming black, with the most seductive little hat and a floating black veil. She is living out at Repulse Bay for the moment, but Mr. Compton is building another house (I think it.

GLOUCESTER HOTEL CABARET

Di-Gaetano Girls Score

One of the smartest floor shows which has graced the realm of entertainment in Hong Kong, this season is to be seen, heard and enjoyed at the Gloucester Hotel where the Di-Gaetano girls are appearing.

Saturday was a gala night at the Gloucester, and it was good to see the beautiful ballroom-restaurant comfortably thronged with a very festive gathering. It was the premiere performance of the Di-Gaetano girls, as fascinating a troupe of dazzling dancers as one could meet anywhere. This brilliant team is composed of Helen and Elsie Risoli; Maxine Wingo; Madelyn Dressler and Josephine

Day, and each is an artiste as was conclusively demonstrated on Saturday evening when they presented scintillating scenes which made the Gloucester cabaret sparkle.

Particularly fine were the ensemble numbers in which the timing and formations were characterised by accuracy and artistry. This Di-Gaetano troupe set an example and a standard which others might well try to follow.

In part this remarkable change is due to better trade, but the main causes are the confidence given to owners by the subsidy and the impetus provided by a scheme of reorganisation that made it possible to raise freights and run ships at a profit.

The Committee, in contemplating that better freight rates may automatically extinguish the subsidy in 1937, point out that in the years of depression provision for depreciation fell into arrears by £10,000,000, and more than a few months' prosperity is required if the tramp fleet is to be maintained at its present strength. Success such as has been achieved is an argument for the continuance of help, and perhaps for the application of the same remedy to those trading liners that, particularly in the

Eastern trade, are fighting a losing battle against the subsidised shipping of Japan and the U.S.A. While there is truth in the argument that a big revival in foreign trade is the only permanently sound basis for a mercantile marine, no Empire that depends, as ours does, on sea communications can remain indifferent to subtle attacks on any branch of its shipping in times of depression.

Though better conditions prevail, no elaborate justification need be attempted for the decision of the Government to continue the subsidy. Drift has been arrested, but the country is still far short of the tonnage that could keep its population supplied if war came.

Another year is given to shipping to continue its rehabilitation, in the hope that no pay-

ment will actually be necessary. Part of the handicap under which British vessels labour is illustrated by the Merchant Shipping Bill, given a second reading in the Commons a week ago. Its provisions against overloading and for other elements of additional safety are strongly supported, as the debate showed, by public conscience; but the Parliament that rightly imposes them has a duty to see that they do not destroy the capacity to compete. Labour's attack on a subsidy that, by its own admission, has found employment for thousands of seamen and given a higher wage and better conditions to the men in the fore-castle, provides a memorable example of indifference to a vital national interest and to the welfare of a class of men for whom it claims to speak.

SHANGHAI THEATRE WRECKED

Italians Shout "Viva Il Duce"

Shanghai, Feb. 20. Shouts of "Viva Il Duce" and other patriotic cries rang out this afternoon in the Isis Theatre, great damage was done and several persons injured, when a crowd of Italians staged what was one of the most astonishing wrecking affairs ever experienced in Shanghai, turning the theatre into a shambles.

What was evidently a pre-arranged demonstration broke out in the theatre, which is situated in North Szechuen Road in Chinese territory, and where the management was showing a Soviet-made film entitled "Abyssinia."

Eighty to 100 Italians were among the audience and, on a given signal, allegedly by Signor Romolo Angeloni, the Italian Commercial Counsellor, they sprang into action.

Consisting mainly of officers and ratings from the gunboat "Lap-anto," as well as a few Consul officials, the men completely broke up the performance.

Ten sailors raided the projection room, where they seized the of-fending film and other reels and destroyed all the apparatus.

The two Russian operators bravely grappled with the demonstrators and suffered for their pains.

One of them had an arm broken with a crow-bar when he tried to protect the machines from destruction, while the other received severe head injuries.

Both men were rushed to hospital in a Municipal ambulance.

Meanwhile in the auditorium the rest of the demonstrators were running wild amid shouts of "Viva Il Duce."

Several shots were fired and a Russian spectator was hit on the head with a pistol butt.

\$20,000 DAMAGE

The Italians were evidently out to make a good job of it and smashed seats, windows and lights before they finally marched out of the cinema and dispersed, having done damage estimated at \$20,000.

This is the third occasion on which patriotic Italians in Shanghai have demonstrated against pictures considered derogatory to their national honour.

The first case occurred several years ago at the Carlton Theatre, in Park Lane off Bubbling Well Road, when Italian civilians seized and destroyed a film depicting scenes of fighting in the Great War between the Italians and the German and Austrian forces.

The second occasion was at the Isis Theatre a few weeks ago, when a minor demonstration was staged against the same film the showing of which came to such a sudden end to-day.

This afternoon's riot was a sequel to the failure of the Italian Embassy, after protracted negotiations with the Chinese authorities, to have exhibition of the offending film banned.—

METAL MARKET BOOMS

London, Feb. 20. To-day's boomlike conditions on all metal markets put even yesterday's animated trading in the shade.

Expectations that most governments would place huge orders for restocking purposes, in order to implement their further expanded armament plans, is encouraging speculators to join in the already heavy demand from consumers. Yesterday's most stimulating factor was evidence of the British Government entering the markets, principally in copper.

Market observers are of the opinion that the speculative position is unwieldy, although brisk in and out trading is in evidence.

It is noteworthy that China, who normally exports tin, is at present buying.—

JAPAN'S CHINA POLICY

Remarkable Change Decided

Tokyo, Feb. 21. A decision to make a remarkable change in Japan's China policy, namely, to concentrate on the promotion of Chinese and Japanese cultural relations, "based on the fact that Japan on no circumstances seeks to acquire any portion of Chinese territory," was made by the Premier, Hayashi, in a statement before the Budget Committee in the Lower House yesterday.—

WASHINGTON WARNING

Shortage Of Steel In Dockyards

Washington, Feb. 20. A warning that the Government will be forced to take direct action soon, was made by President Roosevelt yesterday in connection with the shortage of steel in naval dockyards for construction of new warships.

Whereas private yards are able to continue work of construction, naval yards are mostly idle as a result of refusal of steel manufacturers to supply them with steel.

This is because of the Walsh-Healey Bill, which lays down that manufacturers supplying steel to the Government must put in force a 40-hour week, which the manufacturers refuse to do.

The President, talking to newspapermen on the shortage of the metal, said he did not know whether new legislation was necessary.

Meanwhile, the Secretary of Labour, Miss Frances Perkins, yesterday stated that the chances of obtaining steel bids were improving.

In the House of Representatives, the Speaker, Mr. William Bankhead, declared that he was opposed to the United States entering the armaments race if it could be avoided.

DOCKYARD SURVEY

A survey of American dockyards, both naval and private, is planned by Mr. Edison, Under-Secretary of the Navy, against a possible decision by the Government to build the United States Navy up to the British Navy's new level.

The Navy Department favours maintaining parity with Britain, as least as far as battleships are concerned, in order not to disturb the Britain-America-Japan ratio, but it is understood that there is considerable doubt whether the capacity of American shipyards will be adequate to match the British increases, especially in the current year.—

NEW OATH FOR CORONATION

London, Feb. 20. The new Coronation Oath, which has been approved after discussions with the Dominions, shows slight changes.

This is because the Oath taken by King George V in 1911 is out of date. Instead of His Majesty swearing to govern "this United Kingdom of Britain, Ireland and the Dominions thereto belonging," Britain, Ireland, each Dominion and India are now specified.

Another alteration is to that part of the Oath "to maintain the Protestant reformed religion," which is now specially applied in respect of the United Kingdom.—

CAMPING COACHES FOR CORONATION

London, Feb. 20. A unique scheme to accommodate visitors in London for the coronation has been advanced by a railway company.

In the summer the railway companies have specially constructed camping coaches, which are shunted in out of the way sidings and are rented by campers.

Now a railway company has announced that it will have fifty-two camping coaches shunted in the London area for hire to visitors during Coronation week.—

ATTEMPT ON LIFE OF GENERAL GRAZIANI

Hand Bombs Thrown In Addis Ababa

Rome, Feb. 20. A sensation was caused in Addis Ababa to-day when an attempt was made to assassinate Marshal Ruffalo Graziani, Viceroy of Ethiopia.

Marshal Graziani was distributing presents to members of the Coptic Churches, the Moslem community and the poor when several hand grenades were thrown at the platform on which he was standing.

The Viceroy received only slight injuries, but General Liotta, a high-ranking officer of the Italian Air Force, and several Ethiopian dignitaries, including the head of the Coptic Church, are lying in a serious condition as a result of severe wounds inflicted by the exploding missiles.

To-day had been declared a public holiday in celebration of the birth of a son to Crown Princess Marie Jose, and the whole town was prepared to celebrate the occasion in a fitting manner.

Crowds had been milling about the streets of the mountain capital of the newly conquered Empire all morning, and towards noon there was a steady influx into the main square, where Marshal Graziani was to make a gesture of Italian friendship to her new subjects by the presentation of gifts.

GENERAL GRAZIANI

The good-humoured chattering mob stilled into silence as the Viceroy, followed by members of his staff and high dignitaries of the Coptic Church, drove into the square.

They thrust forward in an effort to get closer to the central figures in the ceremony and police had some difficulty in keeping them back.

Marshal Graziani had just finished his introductory speech and was presenting the first of the gifts when hand grenades were thrown and sharp explosions shattered the silence of the sun-bathed square.

Panic broke loose. The huge crowd, not quite sure of what had happened, stampeded for the exits. Officers rushed forward to the prostrate figures of the three more seriously wounded men, while a detachment of cavalry drew their sabres and charged among the crowd.

Hundreds were trampled underfoot in the confusion before the square was finally cleared and the three victims rushed to hospital.

OFFICIAL COMMUNIQUE
Fragments of the grenades also struck several native spectators, none of whom however was seriously injured.

An official communique minimises the importance of the affair, while it laconically attributes to a number of "disaffected Abyssinians who took advantage of the huge crowd, among whom they mingled unnoticed"—

GREAT INDIGNATION

Rome, Feb. 21. The attempt on Marshal Graziani's life, which has caused the greatest indignation throughout Italy is interpreted by the Press here as indicating that irreconcilable supporters or hirelings of the Negus are now trying to instigate isolated risings after organised resistance has been overcome. The papers then warn these elements that the Fascist word will reach those responsible for the attempt and that full severity of the law will be applied in order to assure that "Italy may quietly continue the task of civilisation and liberation."—

CANADA AND DEFENCE OF COASTLINE

Ottawa, Feb. 20. Persistent rumours that the Dominions Governments will be invited to make substantial contributions to the huge-scale Imperial defence programme—although refuted in the House of Commons in London—enlivened the defence debate in the Canadian Parliament to-day.

"Canada will not commit herself to anything at the forthcoming Imperial Conference in London, and no action to involve her in war will be taken without the consent of the Canadian Parliament."

This declaration was made by the Premier, Mr. Mackenzie King, at the end of the four-day debate, in which he stoutly defended the Canadian Government's appropriation of \$35,000,000 for defence.

Mr. Mackenzie King said that Canada could not assert equality of status and at the same time say that she was dependent on Great Britain for defence of her coasts.

If Canada did not do something for herself she would be simply sponging.

By defending Canadian territory she was making contributions to the defence of all democracies.

A motion of non-confidence in the Government was defeated by 191 votes to 17.—

So far as is known no casualties were caused by the firing.

The disturbance began when Arabs staged a procession of uniformed revisionists, who retaliated. Curfew was imposed in the town last night.

Two British constables, 30 Arabs and 30 Jews were injured.—

INSURGENTS IN ACTION

Government aircraft also repeatedly bombed the enemy batteries.—

Mr. Mander Plays Same Tune

London, Feb. 20. Another plea for extension of the mandatory system to the British colonies was made in the House of Commons yesterday, this time by Mr. Geoffrey Mander (Liberal, Wolverhampton East).

Mr. Mander proposed that the League Council should extend the mandatory system to all non-self-governing colonies, placing them under international supervision.

OPENING DAY OF ANNUAL RACE WEEK A BIG SUCCESS

MR. F. MARSHALL HAS THREE WINNING MOUNTS

MR. LEO FROST RETURNS TO FORM

ALTHOUGH THE WEATHER CONDITIONS WERE NOT WHAT MAY BE DESCRIBED AS IDEAL, THE FIRST DAY OF THE ANNUAL RACE MEETING, ON SATURDAY, WAS AN UNQUALIFIED SUCCESS. THE ATTENDANCE WAS VERY FAIR IN SOME OF THE RACES, THE BIGGEST RETURN BEING PAID BY LANCASTIRE TICH (MR. H. M. P.H.) IN THE SECOND SECTION OF THE WONG NEI CHONG STAKES.

The most successful jockey of the day was Mr. F. (Peanut) Marshall who rode three winners while Mr. Leo Frost had two firsts, three seconds and four thirds. There were two minor spills during the day when Mr. R. M. Wood and Mr. N. Deltz were thrown but fortunately neither sustained any serious injury.

There was some little disappointment when, in the Trial Plate, the more fancied of the Derby candidates were not sent out but Havoc Eve (Mr. D. S. Li) gave an indication of what her stable companion, Happy Eve, is capable of by winning comfortably from some good ponies, and Happy Eve is said to be a better animal than Havoc Eve.

THE FOCHOW CUP

The opening race of the Meeting provided a grand finish when Wild Life (Mr. L. G. Frost) challenged the favourite, King's Warden, with Mr. F. Marshall on, so strongly that the latter won by only a short head.

The race was on the slow side and from the time the gate went up the favourite was sent into the lead which it kept till the very end. King's Warden was followed by Pontiac Bay, Soldier of Peace and Wild Life and when the field past the Post for the first time the only change in the order of the field was that Soldier of Peace had moved up to the second position. When the Football stands were reached Mr. Frost sent his mount up and from this point onward was a distinct threat to the favourite. The best part of the race came when the Distance Post was reached for from this point onward King's Warden and Wild Life ran neck and neck, the result being in doubt till the last minute. Pontiac Bay had by this time faded out of the race and was a poor fourth.

THE WONG NEI CHONG STAKES (FIRST SECTION)

Mr. F. Marshall scored his second win in successive races when he brought Araxys home first in the first section of the Wong Nei Chong Stakes to pay his backers each \$45.60. The favourite, Flying Arrow (Mr. S. C. Liang), was unplaced.

Altogether 18 ponies accepted for this race but Mr. Potts sent them off in good style, Araxys being sent to the lead which it increased as the race progressed. National Anthem was always behind the leader but as the field came into the home stretch Inca (Mr. L. G. Frost) came up from the outside and challenged strongly but he could only manage third place. Ling Long, with Mr. Tang Man-wah on the saddle, was a good fourth.

THE MAIDEN STAKES

Another good finish was seen in the Maiden Stakes when Expansion Time (Mr. J. Pote Hunt) beat the favourite, Potentate (Mr. E. C. Leighton) by a length-and-a-half though the race was better than the distance separating the first and second ponies would lead one to believe.

Thunder Bay (Mr. L. G. Frost) was sent into the lead when the barrier went up and he was closely followed by Firefly (Mr. L. C. Harris) and Laughing Cavalier (Mr. N. Deltz). By the time the Village Bend was reached a change came over the field. Potentate moving up from fifth to third position while Expansion Time, which was lying about sixth, showed a good burst of speed to pass everything before him.

It was quite obvious by this time that the result rested between Expansion Time and Potentate and, with more in reserve, the former did it, with Thunder Bay just falling to take second place. Vira (Mr. S. C. Liang), was fourth.

THE SYDNEY MAIDEN STAKES (FIRST SECTION)

Gypsy Love, with Mr. D. S. Li up, was made favourite for the first section of the Sydney Maiden Stakes, a six-furlong race and it fulfilled expectations. This race was featured by two minor incidents, the first when National Unity (Mr. H. C. P.H.) refused to start and the second when Mr. R. M. Wood, who was riding Petroushka, was thrown near the 11 mile post. Fortunately, however, he was not injured.

Gypsy Love took the lead followed by Such Fun (Mr. Y. T. Fung), Home Brew (Mr. H. M. P.H.) and Discovery Bay (Mr. L. G. Frost), the rest of the field being bunched together about two lengths behind. On coming into the straight Home

Brew moved up to second place and challenged the winner strongly but Gypsy Love held on to its advantage, finally winning by half-a-length. Such Fun (Mr. Y. T. Fung) was third and Discovery Bay (Mr. L. G. Frost) fourth.

THE CHINA STAKES

Mr. Leo Frost, riding Bear Claw, scored his first win of the day when he won The China Stakes in 1:09.2 to equal the record held by Oak Bay (Mr. W. H. S. Davis) which, incidentally, finished fourth after holding the lead for the greater part of the race.

Oak Bay took the lead, followed by Bear Claw, Soldier of Britain (Mr. H. C. P.H.) and Gladiator (Mr. V. V. Needa) and the same positions were maintained until the home stretch when Bear Claw, Soldier of Britain and Gladiator passed Oak Bay in the order named.

This race, the first after the tiffin interval, saw the defeat of the favourite, Aramis (Mr. L. G. Frost) by Lancashire Tich (Mr. H. M. P.H.) while Atomic Star (Mr. Ip Kul-ying) was second, Aramis having to be content with the third position.

Aramis went into the lead at the start but was closely followed by Atomic Star and Lancashire Tich. Just before the field came into the home stretch, the leaders were seen to use their whips and from the Distance Post onward the race developed into a fight for first place between Lancashire Tich and Atomic Star, with Aramis and Clowner fighting it out for the third position, the favourite just managing to place.

The favourite in this race, Aztec (Mr. D. Black) was beaten by Lancashire Chips (Mr. H. C. P.H.) who paid its backers \$44.20 for a win. Katinka (Mr. L. G. Frost), also commanded a good following and when the barrier went up Katinka was sent in to the lead and it made the pace for the first half of the race but at the Village Bend, Lancashire Chips, who had occupied the third position, was given its head and the pony responded gamely. Meanwhile Aztec and Katinka fought it out between them for second place, the favourite eventually winning by two lengths. Dick Turpin was fourth.

THE TRIAL PLATE

The Trial Plate, the dress rehearsal for the Derby, did not attract the more fancied ponies for the Classic which will be run today, but it was, nevertheless, a great race and provided Mr. D. S. Li, on Havoc Eve, with his second win of the day.

The field was sent off to a good start with Commencement Bay making the pace, followed by Havoc Eve and King's Highway while Rob Roy occupied the fourth position. Approaching the Black Rock, Scenic View gave promise of great things but by the time the home stretch was reached it had fizzled out of the race. In the meantime Havoc Eve showed a fine burst of speed to run into the lead which it kept till the end of the race. Commencement Bay was full of fight but had to bow to a superior animal, on the day's running, while Rob Roy took the other minor place. Centre Forward (Mr. F. F. Li) was fourth.

THE VALLEY STAKES

The Valley Stakes gave Mr. F. (Peanut) Marshall his third win of the day when he brought Pagan Love, the favourite, first past the post, half-a-length in front of Gordito (Mr. V. C. Sung), Mariposa (Mr. N. Deltz) was third and Helephant (Mr. E. C. Leighton) fourth.

This was another sprint event, the distance being over six furlongs. The favourite set the pace for this race and never relaxed, and although it was strongly challenged, in the last hundred yards, Mr. Marshall's fine horsemanship stood him in good stead and he just did it.

After the ponies had run past the Post, Mr. Norman Deltz who was third on Mariposa was unseated and received a bad shaking up. He was, however, able to return to the dressing room unaided.

THE OLD COURSE HANDICAP

Mr. T. L. Wong rode a good race on Night View to win the Old Course Handicap from Sylvandale (Mr. L. G. Frost) and Pride of Tsingtao (Mr. Y. T. Fung) while the favourite, Wadebridge (Mr. F. Marshall) was unplaced.

Gold Coin (Mr. H. C. P.H.) set the pace, followed by Night View, Sylvandale, Gold Coin (Mr. H. M. P.H.) and Copper Idol (Mr. D. Black), the rest of the field being bunched together but after passing the post for the first time Mr. P.H.'s mount fell back while Wadebridge moved up so nicely that it seemed she would at last run into a place. That, however, was not to be, for on reaching the Home Stretch Night View, Sylvandale and Pride of Tsingtao ran away from the rest of the field to finish in the order named.

THE BENDIGO STAKES

Saucy Face, holder of the record for the mile, made a fine "come back" when, with Mr. H. C. P.H. on the saddle, she won the Bendigo Stakes from the favourite, Snowy River (Mr. D. Black) who took second place. Violet Queen (Mr. S. C. Liang) and Blandford (Mr. Ip Kul-ying) dead-heated for the third position.

Honey (Mr. H. M. P.H.) ran away from the start in an effort to score a runaway win but the pace soon told on her and she faded out of the picture even before the home stretch was reached. Perfect Day looked promising for a while but she gave up the ghost at the Distance Post.

THE NEW STABLES PLATE

Diana Bay, with Mr. Frost up, won the last race of the day after trailing Honeycomb Eve (Mr. V. V. Needa) and Cossack's Beauty (Mr. T. L. Wong). Last year's Derby winner made the pace but Mr. Needa found that his mount could not keep the pace and had to be eventually content with third place. Bistre (Mr. H. C. P.H.) was the only other pony in the race.

Mr. Wong rode a good race on Cossack's Beauty but was up against a superior animal in Diana Bay.

A care-free HAPPY LIFE depends upon GOOD HEALTH

"My whole family has benefited so much by the use of Kalzana that I only wish more would give it a trial."

writes Mrs. U., London.

Mineral starvation is the cause of many troubles: children are often pale, irritable and handicapped by a slow development of bones and weak teeth; women suffer from irregular periods, pains and headaches; men are dizzy and tired after a hard day's work.

Kalzana—the mineral food for better health—supplies the necessary minerals to the cells of the muscles, blood, and nerves. By doing so, it strengthens the whole organism and increases its power of resistance in cases of illness and weakness. Good health is the best guarantee of happiness for the whole family.

The Proven STOMACH REMEDY for Bad Cases

Amazing evidence of the remarkable speed with which indigestion and stomach pain can be stopped has been revealed by medical experiments and X-ray photographs of actual cases. These prove the ingredients of 'Bisurated' Magnesia to be the quickest-acting and most effective known to medical science. Within 5 minutes a teaspoonful of 'Bisurated' Magnesia in a little water produces complete relief in cases where numberless other remedies had failed entirely.

Its Action Explained—

Simply take a teaspoonful of the powder in a little water. The moment this soothing draught reaches the tortured stomach it begins to soothe the sour, fermenting, undigested food. The contents of the stomach become bland and soothing as milk to the sensitive stomach lining. The pain quickly lessens and presently disappears. By following up the treatment after each meal, your harassed stomach will soon become its tender and grow strong, until you can eat whatever you like and enjoy every meal, without fear of wind, and pain.

HONG KONG RIFLE ASSOCIATION

Week-End Spoon And Practice Shoot

By the courtesy of the Naval Authorities, a week-end Spoon and Practice Shoot was held on the naval range at Stonecutters on Saturday afternoon last. Once again, owing to the restricted number of targets which were available for the use of members of the Association, it was not possible to allow many members of the Garrison who wished to shoot, to take part in this competition. Weather conditions were unusually good, the light being dull and constant, the wind negligible, and visibility good.

That this was the case will be gauged from the scores given below from which it will be noted that two three-figure scores were made in the S.R. (b) Class, while a score of no less than 95 was obtained with the rifle "as issued."

Another noticeable feature of the shoot was the fact that all the prize winners were members of the 1st Bn. The Royal Ulster Rifles.

The leading scores made were as follows:—

S.R. (b)				
Asst	200 Yds.	500 Yds.	600 Yds.	Score

VICTORIA IN GOOD POSITION

Against M.C.C.

Melbourne, Feb. 20.

Victoria have a great opportunity to overhaul the M.C.C. and to establish a comfortable first innings lead as a result of to-day's play.

When stumps were drawn at tea, after which no further play was possible owing to rain, the home team were only 43 runs behind the M.C.C. first innings effort, with eight wickets in hand.

The last two English wickets fell quickly this morning for the addition of 19 runs, the innings closing at 187.

Leslie Ames played a dour innings of 64, being at the wickets for two hours and giving a chanceless display. He hit seven fours.

McCormick returned the best analysis of the Victorian bowlers, his three victims costing him 35 runs.

The wicket had much improved when Victoria went in to bat and at lunch they had lost one wicket for 59 runs. By tea, with Gregory playing a fine innings of 53 not out, they had scored 144 for two wickets.

Rain after tea prevented further play.

Scores:

M.C.C.—187.

Victoria—144 for 2—

LADIES' HOCKEY

C.B.A. First Win In
Brawn Cup

Recording their first victory in the Brawn Cup, ladies hockey league, the Central British Association defeated the Royal Welsh Fusiliers Ladies by one goal to nil at King's Park on Saturday afternoon. Miss E. Woolley, centre-forward, netted the goal in the first half.

Play was mostly confined to mid-field and the goalkeepers, Miss D. Moss (C.B.A.) and Mrs. Kenyon (R.W.F.), had very little to do although towards the end of the second half, Mrs. Kenyon was tested with a shot from Miss Woolley which she just managed to deflect.

Miss B. Parsons, at left back, was outstanding for the winners while Mrs. Cowan, pivot for the losers, also played well.

C.B.A. "A" WIN
The Central British "Schoolgirls" "A" team made practically certain of their chances of winning the Brawn Cup competition this season when they beat the "Y" ladies by a goal scored by Miss D. McCaw in the second half.

Merchant Ships In War

Adml. Mark Kerr gave his views on the letter, which appeared recently, from Adml. Sir Frederic Dreyer, former Commander-in-Chief of the China station, about the Merchant Service's need for a reorganised system of defence in war, states a correspondent in the "Daily Telegraph."

"I agree with Adml. Sir Frederic Dreyer," said Adml. Mark Kerr, "and I am very glad to see in the Press that subsidies are to continue for tramp steamers. We should also subsidise our Empire liners wherever foreign ships are driving ours off the routes."

"The Merchant Service and the Royal Navy are essential to each other. If we had big lines of sea communication we should not want a Navy for its protection, but as we have 80,000 miles of sea communications we not only require the Navy, but the Merchant Service to supply our vital needs."

"This shows that subsidies should be given to prevent the falling off in our number of ships and men for the Merchant Service."

"Sir Frederic Dreyer has shown their other uses in war time, and I can confirm everything he has written from my experience when commanding the Adriatic Fleet in

RAILWAY TRAGEDY

WOMAN KILLED

Another tragic mishap of the Kowloon Canton Railway occurred yesterday morning at the Shum Chun Station when a woman, Wong Chai, 59 years of age, was knocked down by the train whilst leaving the station at 11.30 a.m.

It was learned yesterday evening that the woman was in a very serious condition when brought to the Yumai Station. She was immediately taken to the Kowloon Hospital where she died in the afternoon.

The deceased had a fractured skull and other injuries.

Cocktails In A Good Cause

(BY ONLOOKER).

The Royal Empire Society is well in the news in Hong Kong. A Deputy Chairman, in the person of Sir Alexander Godley has arrived, and with Lady Godley is being much feted by local members of that oldest of all Empire societies.

Mr. G. Ford Hull gave a delightful cocktail party on Friday evening in honour of the General. Mrs. Abbott, the lady member of the local committee, helped him to entertain the very distinguished company of guests, and, incidentally, looked particularly distinguished and charming herself in a lovely black dress with monkey fur and damask about it.

Sir Henry and Lady Pollock were there, the former being the third member of the committee. Every body was so sorry that Lady Godley was not able to be present. She and her husband have been so booked up in advance, that Lady Godley simply could not manage so much rushing about.

His Excellency the Governor and Lady Caldecott and His Excellency the General and Lady Bartholomew were present.

Mrs. Dalzell was there looking very smart—in palest beige. Mrs. Hayden, to whom we shall be saying good bye shortly, was with her husband. Mrs. Rice-Evans was particularly smart in navy blue and white with a bewitching small headpiece to match. Mrs. Cock and Mr. and Mrs. Edgar Davidson were also there, and Mrs. Amps wore the most delectable ermine coat. Amongst the lovely Chinese Ladies Mrs. Su looked charming in a becoming shade of midnight blue. Of course the Army was well represented, and I noticed Colonel Blanchard of the R.W. Fusiliers and Colonel Rodwell and Major "Chips" Davis.

"A HUNTING" ... Most of the Royal Empire Society up-holders were bound for that rollicking affair the Hunt Ball that night.

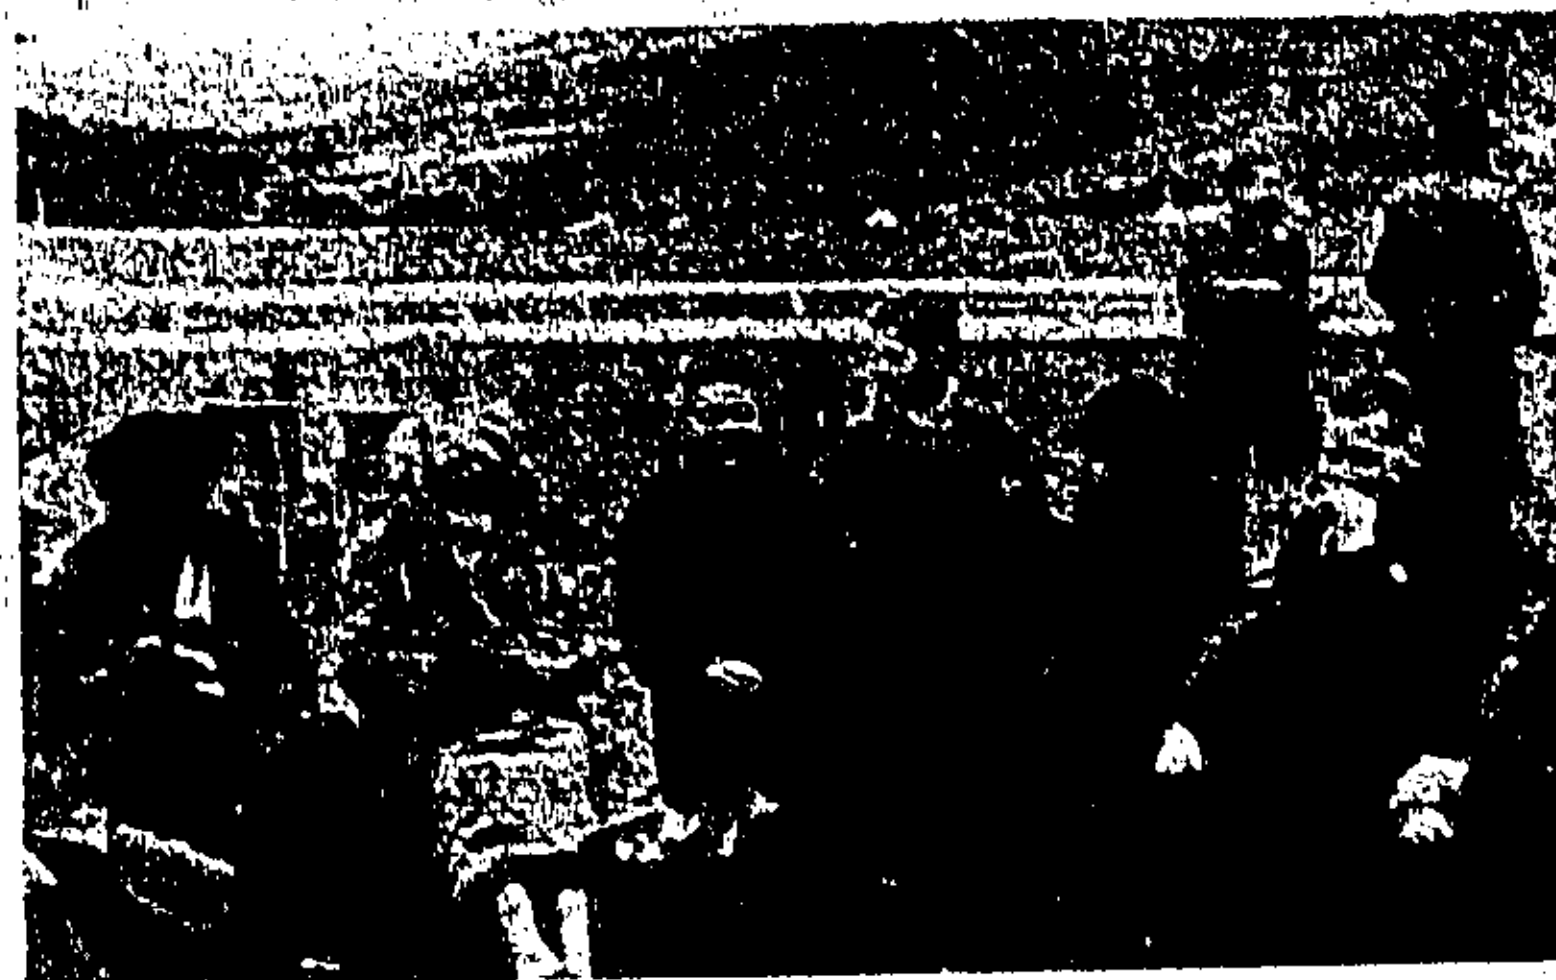

I hear Mr. Erik Nelson was responsible for the marvellous decorations. The ballroom was miraculously transformed into a country side. Fields, lanes, signposts and all. Needless to say the local "pub" was an important landmark complete with bar, and the most amazing "barmen" imaginable.

MOTOR CAR EXHIBITION IN BERLIN

Berlin, Feb. 20.
Herr Hitler opened a motor car exhibition in Berlin to-day and declared that Germany would be independent of foreign fuel in thirteen months but the country was striving to make the motor industry free from foreign exports.—*Reuter.*

ADMISSION INTO LEAGUE

London, Feb. 21.
The foreign office has informed the Secretary General of the League of Nations that the British Ambassador in Cairo has been advised to ask the Egyptian government to apply for admission into the League.—*Transocean News Service.*

World Affairs Surveyed

(Continued from Page 1.)

General Hayashi has stated that he will follow the policy of military reform at home. In regard to Japan's relations with Soviet Russia, he expressed a willingness to co-operate with the Russians.

GERMAN MINORITIES

Ever since the Great War, the position of the German minorities living in Czechoslovakia have been increasingly difficult.

It is now revealed that the population concerned have been extended privileges by the Government, which include grants for schools and the Government's approval for the German language to be taught in them exclusively.

INDIA'S PROBLEMS

News from India indicates that difficulty is being foreseen as to how the Provincial Government is to be formed. This party is opposed to the new Constitution and has not yet decided to take part in the discussions.

It will be necessary to place the matter before the Congress until the party decides what to do. It is being regarded as difficult to forecast the structure of the various Governments until the middle of March.

CORONATION AND SOCIAL SERVICE

The official programme for the Coronation has been approved by the King and sent to the lords of all Governments of the Empire for further approval. The form of Oath to be taken by the King will mark the stronger linking of the United Kingdom and the Dominions, the change being necessary to fit into the laws and customs of the Dominions.

The Coronation year will be marked by a Government grant of £5,000,000 a year for social service, this being found necessary as a means to relieve conditions in the distressed areas.

GERMAN CREDIT AGREEMENT

Berlin, Feb. 21.
A new standstill agreement was signed here on Saturday between German short term debtors and foreign creditors will bear the name of "German credit agreement, 1937." The agreement is prolonged to February 12, 1938, terms being virtually the same as those of the treaty just expired. No repayment by cash transfer will take place but certain credit lines which have not been used for two or three years will be cancelled. Measures to increase tourist traffic to Germany by use of the register mark will be taken for instance no fee will be charged for cashing travelmark cheques in Germany but instead a charge will be made in the country where the cheques are bought, these fees going to creditors to reduce indebtedness.

During the duration of the last credit agreement short term indebtedness was reduced from 1,576,200,000 reichsmarks to 1,202,000,000 of which 1,077,900,000 reichsmarks were used. From March 1, 1933, the total amount of registered marks issued reached 1,768,700,000 the major part of which was used for travel in Germany.—*Transocean News Service.*
